In Loving Memory

Doreen Wyatt passed away unexpectedly on Friday, December 18, 2020, with her loving family at her side.

Doreen was a true champion and respected by everyone who met her. She always smiled when tasked with a new project. Then she would say, "We will get it done!" Her co-workers admired her humble dedication and calming demeanor. She treated every situation in her tranquil way regardless of everything else going on at the time. She was diligent in providing first-rate service and led by example. Doreen will be in our hearts for eternity. - Access Medical Records Team

The Access Hospitalist Program And The People Behind It

By: Toni Martin

To learn more about the Access Hospitalist program, I sat down with Debra Ludlow, the Access Health Care Patient Care Coordinator, who has 25 years of experience in the field. As she explains the whole program in detail, it is clear that patient advocacy is her heart and soul. *"Patients need it. Many have no support or their family members just need guidance, an advocate, or voice. We work with them, and for them, to help them make the best decisions and get all the assistance we can (for their loved one)."*

Instead of PCPs rounding the hospitals, the Access hospitalist team treats the Access population. A true hospitalist stays onsite for over 8-12 hours to make sure communication is thorough and to ensure that patients are visited multiple times, results are reviewed, and progress is monitored. They are onsite full-time. Most work 7 days on and 7 days off, which helps ensure that when the patient is hospitalized, they are more likely to be with a doctor who can see them through their entire course of acute care. Regular hospitalists help establish relationships with the clinicians and specialists at the facility. This helps in developing a stronger bond and becoming a more efficient force working together for the wellbeing of patients. Their on-site presence is priceless.

What is different about the Access Health Care Hospitalist program? This program was designed by Dr. Pariksinh Singh to ensure that when an Access patient is hospitalized, nothing falls through the cracks on behalf of their medical care. With patient advocacy and quality as two of our program's top values, Access ensures that patients are appropriately cared for and followed up with, even after being released from the hospital. The system is designed to ensure patient advocacy—being a voice for patients and their families, and fighting for the true integrity of their care. All of this was Dr. Singh's vision, which he incorporated into this program (more than eight years ago).

Our Field Case Management team members visit patients' rooms to sit and talk with them. They ask patients about their objectives and help them meet those targets. They become the patient's voice to help them with medical decisions and discharge planning goals—anything including medication needs, follow up appointments with primary care providers, home health care decisions, and much more. As Deb explains the very broad spectrum of what she and her team do to help take care of their patients, only one word comes to mind...angels. They truly are guardians that use their knowledge and experience to protect patients and their families by not only looking out for patients' physical health, but for their mental health as well.

It's no wonder this program has expanded through the years with its proven effectiveness. The Access hospitalist program started at Oak Hill Hospital, and expanded to Bayonet Point, Bayfront, Citrus Memorial, and then to skilled nursing facilities. Currently, the program is in six hospitals and twenty skilled nursing facilities. At these locations, you will find doctors, APRNs, PAs, field case managers, and care coordinators all working closely with the patients' primary care doctors to ensure the best quality of care. Our team works with the patients and their family members to assist in making the best decisions for them. The benefits of this are patient advocacy and keeping high levels of communication for all parties to ensure continuity of care.

Access Health Care Physicians is dedicated to making sure patients have the best quality care possible. Deb Ludlow and other committed medical professionals will be by your side fighting to give you the highest standard of care. PATIENT PRAISE:

Dr. Husam AbuZarad's Office

- Thank you for your kind and thoughtful attention to our parents!

Flowers for Dr. AbuZarad's Office

Drs. Anil Bhatia and Robert Hartzell's Office

- Amber Fackler is such a wonderful employee for this office! She is very efficient and so delightful to work with. Amber can figure out the most complicated issue and fix it with ease! She is fantastic!

Case Management

- Rachelle Scarfone is absolutely wonderful! Not only does she respond in a timely manner, but she has also given me so many resources, is very helpful, supportive, and friendly. I can see that she enjoys her job and has a passion for people. Rachelle has really touched our hearts!
- Felicia Shewbart made me feel as comfortable as I could. I think she's an awesome person and does her job extremely well!

Corporate Training

- I would like to compliment Nick Alonzo for his persistence in helping me get back into the Patient Portal. He made several follow-up phone calls to finally get through to me and help me with the system. Thank you Nick!

Draw Station at 7269 Spring Hill Drive

- We had a wonderful experience when we went to the Draw Station to get our blood work done! The staff is so professional and kind, and they did a great job!
- I had my blood work done and Sandra Gast did a wonderful job! She is very kind, gentle, and very efficient!
- I am very impressed with the wonderful team at the Draw Station! They have great attitudes, are very helpful, and I don't even feel the needle stick because they are all so good at what they do!

Hospitalists

- Dr. Abu Mohammad was so kind to me when I spoke to him about my mother on the phone! I am so thankful!
- I want to thank Dr. Kemisha Key and her staff for all their hard work when I was in the hospital!

Dr. Brian Kroll's Office

- As a senior citizen, I have had my fair share of physicians, but I have never been as satisfied with a doctor and his staff as I am with Dr. Kroll and company! In a world of uncertainty, it is reassuring to know that I have a professional and knowledgeable physician who I can rely on. In addition, his trained staff makes my visits enjoyable, even in the worst of times. I cannot thank Dr. Kroll and his staff enough!

Dr. Angie Layme's Office

- I am very particular about the doctors I go to, and Dr. Layme really fulfilled my expectations after being recommended by one of my friends. I am also unbelievably impressed by her Medical Assistant, Johanna Vargas!

The Main

- I would like to thank Patricia Soult for her excellent care. She went above and beyond her duties to assist me to get well. Patricia is very knowledgeable, kind, caring, and has a great bedside manner!

Drs. Danish Siddiq and Sumbul Ali's Office

- Dr. Siddiq and his staff are absolutely wonderful! Dr. Siddiq's kindness and help do not go unnoticed. Thank you for caring!

Dr. Rafael Velasquez

- Dr. Velasquez always goes above and beyond the call of duty! He also has an outstanding office staff. If I had to rate Dr. Velasquez, I would give him a 5-star rating!!

Dr. Manjusri Vennamaneni's Office

- Dr. Vennamaneni is a wonderful physician with a very nice office staff!

Drs. Nathaniel Vinje and Jose Rodriguez's Office

- I have just moved and switched my PCP to Dr. Vinje. I like Dr. Vinje and his office much better!

WCMI

- I would like to express my gratitude for your staff! They are caring, upbeat, and they took the time to help me understand my condition and offered realistic options. I would especially like to commend your surgical coordinator, Trudy Sessa. As an elderly patient in these stressful times, I can't begin to tell you how patient and sympathetic Trudy has been. She returned my frequent calls in a very professional and reassuring manner, all the while maintaining my dignity and allaying my fears. What a gem!

MORE FUN STUFF!!!

Christmas

Dr. Miguel Fana's office delivered over 60 items for Christmas for the All Children's Hospital!

Some items included were: Stuffed animals, skate board, solar system kit, nail art, dolls, puzzles, Dino Dig, books, Nerf gun, Legos, sewing machine, and lots of arts and crafts kits.

The Hospital expressed due to COVID it has been hard to get donations and the staff was very grateful for all the items given. They asked if they could

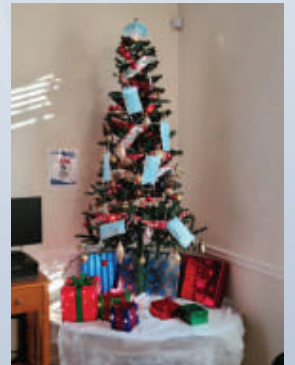

use the Guitar for music therapy since the one they had was old. Thank you everyone who contributed and helped make this the best event yet!

Dr. Husam AbuZarad's office participated in Operation Christmas Child this year.

Congratulations to Our 2020 ACES Raffle Winners!!

A Special Section of Accessing Access Celebrates Excellent Service

2020 was an interesting year for all of us here at Access. Even though we couldn't meet together in person at our annual ACES awards banquet, Dr. Maria Scunziano-Singh, Juan Triana, and the ACES team were happy to present a Virtual ACES via a livestream event on December 23rd, 2020.

Juan Triana, our Chief Compliance Officer, hosted our first virtual ACES while Dr. Maria shared a very moving talk. Then Juan led the ACES 2020 Awards Presentation by revealing the Finalists and Winners in fifteen categories. Winners received a trophy, an award certificate, and a special certificate good for eight hours of paid time off.

ACES then wrapped up with a raffle drawing for many fabulous prizes! Raffle prizes included a large variety of gift baskets, a Giant Teddy Bear, as well as gift cards to Chili's, Starbucks, Old Navy, Best Buy, Home Depot, Panera Bread, Outback Steakhouse, Target, and more! Some of the top prizes were an Apple Watch Series 3, Apple AirPods, Fit Bit Versa 2, a GoPro Hero 7, a Kitchen Aid Stand Mixer, an Instant Pot Duo, a Sony Cyber Shot camera, a Sonos Indoor/Outdoor speaker, a Sony 55" TV, a Microsoft Surface Pro 7 computer, and several coveted certificates good for four hours of paid time off.

Access Employees from all over Florida tuned in for this special event! We hope everyone had a wonderful time, and we are pleased to share some pictures of our ACES winners, finalists, and raffle prize winners with our patients, families, friends, and community.

In addition, we wish to extend our special thanks to the following local merchants for their generous prize donations for our raffle: **Addome Bella Salon, Florida Cracker Kitchen, Stage West Community Playhouse, Tina Shuster Wreaths, and Universal Business Systems.**

Congratulations to Our 2020 ACES Award Winners!!

The winners of the ACES awards are nominated by fellow team members. There are several categories, and winners are chosen based on the nomination's story as to why an employee feels someone deserves such award rather than the number of votes for a particular individual. Every person who received at least one nomination was listed on a large board that was put on display virtually. Due to Covid - This years ACES was all done virtually via live stream on youtube. It was held during lunch so that all staff could tune in and watch live. We combined the east and west coasts for this event which allowed the entire company to attend. Prizes were then hand delivered to the winners by the compliance team. Not only did they receive recognition and a trophy, they also each received **8 HOURS OF PAID TIME OFF!!**
